

ARE YOU COMPLIANT?

Silver Card Operating Training | NCHire

THE HEALTH AND SAFETY IN EMPLOYMENT ACT STATES THAT:

“Employees must be adequately trained in the safe use of equipment in the place of work” to overcome this, The Silver Card Training Course, in short, is a course which has been designed and written by HIANZ (Hire Industry Association New Zealand) for operators to deem them competent to use EWP's (Elevated Work Platforms) and comply with law. Still, while it is not compulsory that operators hold a licence by law, professional training is needed.

OBJECTIVE OF SILVER CARD LICENSE

The Core Objective of the Silver Card Training is to provide operators with a greater understanding in the safe operation of multiple EWP's including Scissor Lifts, Boom Lifts, Vertical Mast Lifts and Trailered Booms. The course outlays the potential for accidents, and then suggests solutions for operators to rectify these.

BENEFITS

The obvious benefits to companies are immediate! Your company will gain higher qualified staff, who have a greater understanding in the operation of EWP's. Companies might also see a drop in maintenance repair costs, as Operators are taught to carry out daily checks on machines - finding problems before they become costly.

Employers benefit through gaining the knowledge that their staff are competent to operate EWP's with a higher level of safety awareness.

WHO WILL TEACH?

NC Hire will provide an expert Gold Card Trainer who has been in this business for over 15 Years

HOW LONG WILL IT TAKE?

NC Hire realises the hidden costs of putting your staff through training, so we've kept it short as practically possible, while still providing lifesaving training. Depending on number of machines needing training on, 10 Students can gain training on One Machine in One Day (8Hr), 8 Students on Two Machines, 6 Students on Three Machines. Call us today for a Tailored Package.

HOW MANY PEOPLE CAN ATTEND?

As companies are not wanting to send their full teams away to training at once, we've kept class's small which also provides employee's with higher level of training. Depending on machines being done, our Capacity is as Follows:

- One Machine: 10 Attendee's/Per Day
- Two Machines: 8 Attendee's/Per Day
- Three Machines: 6 Attendee's/Per Day

HOW LONG WILL IT LAST?

Once the Silver Card is received, it will need to be renewed every three years.

WHERE?

We Offer Two Options:

- Providing you have adequate space and suitable seating arrangements, we can come to you-on Site, or otherwise;
- Classes will be held in a conference room on our premises here at 53 Carters Rd, Amberley. (A Van can be provided to transport your team here at an extra cost as well)
